

BLOW THROUGH VALVE

(PVCGBOV - 25mm)

BISSON
THE PIPE FITTINGS EXPERTS

A blow off valve is positioned towards the end of a pipe run, it allows dust to be blown out of the system, by attaching a compressed air line and opening the valve.

Installation Instructions:

Use the correct solvent Plusbond 3019. Do not paint. Keep pipe clean and free from dust. Only install with approved pipe. Do not use solvents to clean, only soapy water.
